

More Interurban

On Tuesday afternoon representatives of the Alberta Interurban Railway Co. returned to Clareholm and addressed a somewhat small gathering of the citizens of the town of the district. Through an error this meeting was announced for Monday in our last week's paper but small handfuls had been distributed correcting this. The ground covered by the speakers was very similar to that reported in last week's Review. The statement was reiterated that the company was not offering stock for sale or selling bonds. All that is asked is that the municipalities or Local Improvement Districts, through which the line might pass, should take the necessary steps to grant to the company a 20-ft. right-of-way on the highway adjoining the property line. The minister of municipalities would see before giving his sanction, that the rights of the farmers or of the citizens were conserved. The gentlemen were quite optimistic, asserting that the introduction of these roads would intensify farming, increase the price of land, reduce railway rates and generally benefit those in rural sections far from the steam roads. Maps and charts were on exhibition showing the proposed routes and the general designs of rolling stock and buildings. Stations would be placed every two miles, with houses to enter to the farmer's business. Seals would be installed and at the principal stations agents would be placed in charge. They would haul any kind of freight, freight, etc. Slings would be put in at convenient points and cars would be spotted for the shipper's convenience. Produce or grain would be loaded to any point on the company's system to connect with steam roads. Large warehouses would be erected and maintained in Calgary and other points, where freight in less quantities could be accumulated at the shipper's discretion until a car was secured and then take advantage of the car load rate. In the operation of these lines the company would be under the same liability with regard to the killing or injury of a farmer's stock from the steam roads. The company proposed to build right about 60 miles of line from Calgary to Camrose. Next in the plans was a line to Banff following the same route as the car load rate. A line southward to Lethbridge was also in their plans and this line would probably pass through Elton. From this a spur line would go to the west. The charter of a company formed the possibility of any existing steam road at any distance less than 6 miles. Once all would be the fact. The rates to be charged were estimated to be 25 per cent less than the steam roads. One point brought out in the discussion was that in the case where a bill was necessary or a car would be reduced the company would make the alteration not alone on their right-of-way but across the entire road allowance that improved the highway as they were improving their own grade. Questions were freely asked the speakers and its freely and frankly answered.

Form a League

All the baseball enthusiasts are requested to attend a meeting at T.L. Bernard's office next Thursday night. Some think that the improvement of the league will be manifested in this grand summer game if a local league be formed consisting of a team from the clerks, a team from the bankers, a team from our own merchants, the churches, etc. A schedule could be drawn up and a season's sport thus assured. From the entire league a team could be chosen for outside games. With a league such as is suggested the class of ball might not be the highest of 12th class but there would be very much better than if there were but one team and that only playing doubtful games.

A Little Touch of Nature  
Makes the Whole World Kin

That the "milk of human kindness" has not turned sour in this material West has been proved by the response that has been made to the appeal for the assistance of Peter Murphy, the Calgary transfer, who, one night in January, was lost in the storm, exposed to the freezing night air, and who succeeded, after crawl on his hands and knees for over two miles in reaching the shelter of a farmhouse, more dead than alive. He was so badly frozen that the use of a local of both hands and feet was necessary. The fact that he was but beginning life, barely 22, and that he was the sole support of his parents, warmed the hearts of many. Nearly three thousand dollars have been contributed and, as he lies in the hospital, his glowing outlook for the future has been changed and he has had proof of the fact that his kinship to his kind is recognized. Out of the sun reported as having been missed, it is a pleasant fact to state that the efforts of Wm. Moffatt from our own town and district in a few short hours \$102.50 was raised and forwarded to Calgary.

Methodist Church Notes

The Rev. T. C. Bachmann of Calgary, "Supra of Missions for Alberta," for the Methodist Church, spoke at the morning and evening services last Sabbath. In his morning service he quoted a number of figures, showing the great strides, that has been made in the establishing of Missions in Alberta in the past eleven years. He cited the magnitude of Alberta and the great possibilities that lay before it. He said that the church and mission societies were not settling in remote regions at the expense of the "Village of the church" but the need of doing our best. It is not a relative but an absolute will doing that God and men have a right to expect of us. It will be found in the long run and often in short, that there is nothing more practical than a high and relentless endeavor to do the best. The reward of work well done is the answer of a man's soul in deep approval. A subscription for the "Mission Fund" was taken at both services and over \$400.00 was raised.

CHICK(K)LETS.

The one-eyed rooster is in the way. Ernie expects the glass eye by a separate shipment.  
Ernie Moffatt is meeting every train looking for that shipment of pinto, barrel boxes and Golden Wyandottes. They are coming from Almonte, Ont. and more in the best society.  
Harry Tilden has his eye and says, "Wait till you see my silver-laced Wyandottes. They are the best lot of that family."  
Harry Sherked has a corner on the market for Game Bantams. He sits up nights watching his hen-roost.  
If Carl can get rid of his mongrels he will go into the high-class line too.  
J. B. Basse is creating two 610, up-to-date chicken houses. It is a pleasant fact to state that to see these wonderful houses for the edification of the hen society.  
Jones & Munro are going in for Rhode Island Reds. These are not any relation to Coney Island Wines.  
Martin Lefbow has been stung by the bug but he has something else in sight and will not be able to go into his chicken business this season.  
The slim attendance at the local chicken show Sunday may be partly accounted for by the audience that gathered around J. B.'s new chicken mania.

Even in some of the offices named there is almost impossible to move about at all owing to an incubator or two.  
Only a few short weeks ago a number of our citizens did not know that store eggs grow on an egg plant. To-day they are expressing an interest in the egg plant. "We need a great lot a little spark kindling."

Would Abolish The Bar

Toronto, March 27. Abolition of the bar is the first plank in the Liberal party's temperance policy. This was finally decided at a caucus of Liberal members of the legislature yesterday afternoon. At the conclusion of the caucus Mr. Rowell said to the effect of the house a motion of resolution. It was moved by Mr. Rowell that in the opinion of the house the public interests demand the immediate abolition of the bar and such other restrictions upon the liquor traffic as experience may show to be necessary to limit its operation and be effective to remedy its evils; strict enforcement of law by officials in sympathy with the administration of the law; stringent regulation and inspection of all houses of public entertainment so as to insure reasonable accommodation of the travelling public.

The caucus was attended by all Liberal members in the city today and they were particularly unanimous in their approval of the resolutions.  
The resolution will appear on the order paper next week when it will come up for debate on the government. If Sir James Whitney should show any inclination to put off the discussion under a ruling given in Rowell's favor by the speaker the other day, Rowell can force the discussion on private members' day.

Social Evening

At the residence of Mrs. Simpson on Good Friday evening the Ladies' Aid of the Presbyterian Church held a Social Evening. A splendid musical program will be given and refreshments will be served. A cordial welcome is extended to everyone. The admission is placed at 25 cents.

OBITUARY

DECEASED: At Calgary, Alberta, on March 19th 1912, Mattie Tiddington beloved wife of Joseph James Duch, late of Meadow Creek, Alberta, in her 61st year. Interment at Calgary. "AT REST"

Additional Locals

MARRIED: At the home of J. M. Soly, his daughter, Elida Antonia to John Albert Smith, merchant, of Tugueg, Sask. The ceremony was performed by Rev. M. Hillard at 6:30 p.m. in the presence of the bride and a few intimate friends. Miss Julia assisted her sister and Adolph Amundsen performed a like service for "Bert". The couple left on the evening train for Tugueg, Sask.  
The array of baby carriages that decorated the walk in front of the local furniture stores last Saturday seems to indicate that the enterprising home-furnishing firm have even succeeded faith in the people of this district that they will not be slow in boosting the population of the town and district in anticipation of the next census.  
The voting on Church Union at the Presbyterian Church here was not very encouraging to those who favor the movement. It is learned that a majority of appeared against the basis of union and 5 against union. The vote stood: Basis of Union, Members, 8, for, 14, against. Adherents, 3, for, 3, against. Union, Members, 11, for, 16, against. Adherents, 3, for, 3, against.  
Tickets will be for sale shortly for the "Doll Show" which is being put on, on April 5th and 10th, under the direction of Miss Jean Logan, by local talent. These tickets may be secured for reserve seats on Thursday, April 10th. The seat plan for those who do not secure their tickets in advance will open on Saturday, April 11th. The choice of the local talent will fall to those who purchase early. The plan will be at 10th & 11th Sts. S.W.  
Miss Jean Logan, of Winnipeg, is engaged in Clareholm preparing for representation of the "Doll Show" in celebration of the German's jubilee, "Die Poppensee". The characters will be taken by children, ladies and gentlemen of Clareholm. This brilliant spectacle has met with the greatest favor at the hands of audiences at San Francisco, Winnipeg, and other places in Canada and the United States and Mr. Logan has been twice over the combatives. A rare treat is in store for Clareholm on April 9th and 10th.  
Just as we go to press the sad intelligence has reached here that last night in Calgary the death occurred suddenly of John Mitchell, Sr. father of the proprietor of the Wilton Hotel. Something of the nature of an apoplexy or stroke has been the cause of death. The remains will not doubt be taken to his home in Maine for interment. Our sympathy is extended to the bereaved family.

Signs of Spring

When the sod pile fills the cellar  
And the tin cans fill the yard,  
When a fellow's sort of lazy,  
And the week ends might hardly  
When the birds start to chattering  
That have lasting time to be near,  
And the thirty start to hanker  
For the annual book beer,  
When the ball game gets to starting  
For the good old many seats,  
And the robin comes a-chopping  
With his breakfast in his mouth,  
When the old man starts to shiver  
Upon both sides of the neck,  
And the newly painted house  
Come out looking trim and neat,  
When the overcoats get heavy  
And are hard to lug around,  
For a sight of red old ground;  
When the canned goods all grow  
Useless.  
And the peepers grow peep,  
And the good old sunstone griddle  
Is hung up out of the way;  
When the elder bird's empty  
And the new ones start all gone  
And the new ones start all gone  
On a fellow starts to hanker  
For a sight of red old ground;  
When the old man starts to shiver  
Upon both sides of the neck,  
And the newly painted house  
Come out looking trim and neat,  
When the overcoats get heavy

### One of the Best

One of the finest attractions that  
has appeared at the local opera-  
house this season was the Toronto  
Glee Club which presented their  
entertainment last Tuesday evening.  
H. Kalkren MacDonell has lost  
none of his old time charm and  
under his directions the entertain-  
ment was one of which the Club  
pride themselves and the audience  
hold always a pleasing memory.  
The entertainers were most generous  
on more than one occasion regard-  
ing their two recitals. Mr. MacDonell  
has gathered around him real artists.  
The selections chosen afforded a wide  
range for the display of the musical  
training and ability of the singers  
and enough amusing sketches to  
bring the entire audience in rapport  
with the entertainers. J. Costes  
Lockhart, 1st tenor, in "Nirvana" and  
a fine response to a recital with "Ed-  
wards Don't" was particularly fine  
and his range of voices above the  
ordinary. Mr. Keany has a very  
pleasing presence and his rending  
of "Mary of Argyle" was very fine.  
He had but omitted the patriotic  
sermons in response to the encore  
and reserved his power for "The Perfect  
Ten." Instead of covering that beau-  
tiful number at his second recital, he  
would have been better able to do  
justice to the more artistic number.  
The first last numbers on the  
program, both quartettes, were beau-  
tifully rendered as was also "Exce-  
lente" by Messrs. Lockhart and Mac-  
Donell. In all, the program was a  
most successful one and those who  
attended the recitals, in fact, those  
without leaving this talented Club  
have reason for regret.

### Think This Over

This Offer Should Gain the Confi-  
dence of the Most Skeptical

We say for all the medicine used  
during the trial, if our remedy fails  
to completely relieve you of constipa-  
tion. We take all the risk. You are  
not obligated to us in any way what-  
ever, if you accept our offer. That's  
a mighty broad statement, but we  
mean every word of it. Could any-  
thing be more fair for you?

A most "scientific" remedy, some-  
times treatment is Recall Orderlies, which  
are eaten like candy. Their active  
principle is a recent scientific discov-  
ery that is odorless, colorless, and  
tasteless; very pronounced, gentle,  
and pleasant in action, and particu-  
larly agreeable in every way. This  
ingredient does not cause diarrhea,  
nausea, flatulence, griping, or other  
inconveniences. Recall Orderlies are  
particularly good for children, aged  
and delicate persons.

If you suffer from chronic or habit-  
ual constipation, or the associate or  
dependent chronic ailments, we urge  
you to try Recall Orderlies at our risk.  
Remember, you can get them in  
Claresholm only at our store. 12  
tablets, 10 cents; 36 tablets, 25 cents;  
60 tablets, 40 cents. Sold only at our  
store. The Retail Store, O. L. Reinecke.

### The March Rod and Gun

"An Experience Of the Coast of  
Newfoundland: Hunting the Huit  
Seal" opens the March issue of Rod  
and Gun in Canada, published by  
W. J. Taylor, Limited, Woodstock,  
Ont., and the interest of this article  
is a criterion of the interest of those  
that follow, which include articles  
descriptive of outdoor life from the  
Atlantic to the Pacific. Among these  
is the first of a series of articles on  
the Culture of Black and Silver Foxes,  
which should prove of value to the  
many seeking practical informa-  
tion on this subject. A new feature  
this month is the evolution of a Game  
Conservation Department edited by  
Mr. Frank Hyde, wherein matters  
pertaining to the subject of game con-  
servation will be freely discussed.  
As this subject is a live one at the  
present time and is likely to be for  
some time to come, or until some im-  
proved laws for which good sports-  
men are agitating have been enacted,  
this department should prove of ex-  
ceptional interest.

### Don't Be Bald

Nearly Any One May Secure a Splen-  
did Growth of Hair.  
We have a remedy that has aided  
to grow hair and prevented baldness  
in 30 out of 100 cases where used  
according to directions for a reason-  
able length of time. This remedy is  
a strong statement. It is, and we  
mean it to be, and no one should  
doubt it until they have put our  
claim to an actual test.

We are certain "Recall" Hair  
Tonic will cure dandruff, prevent  
baldness, stimulate the scalp and  
hair roots, stop falling hair and grow  
new hair, that we personally give our  
positive guarantee to refund every  
penny paid us for it in every instance  
where it does not give entire satisfac-  
tion to the user.

Recall "60" Hair Tonic is as pre-  
sented to use as clear spring water. It  
is delightfully perfumed, and does  
not grease or gum the hair. Two  
sizes, 50c and \$1.00. With our guaran-  
tee back of it, you certainly take  
no risk. Sold only at our store—The

### The Annual Edmonton

#### Spring Show

The annual Edmonton Spring  
Show, which will this year be held on  
the Exhibition grounds, and under  
the auspices of the Edmonton Spring  
Show Association, on April 16-17,  
promises to be a big suc-  
cess. The Department of Agricul-  
ture has this year made a liberal  
grant to the Edmonton Spring Show  
with the result that a very attractive  
prize list is being offered for Horses,  
Cattle, Sheep and Swine. The en-  
tire of the purchased Cattle and  
Swine offered for sale, close on Sat-  
urday, April 6. Prize lists, catalogues  
of sale, and any information regard-  
ing the show may be obtained by  
writing to the Secretary, W. McC  
Moore, Box 216, Edmonton.

### Rushing The Job

John Nensengen left this week  
for Glendon where his steam plowing  
outfit is at present. It is his in-  
tention to bring the outfit to Claresholm  
making the 80 mile drive across. Mr.  
Nensengen is going late, contracted  
plowing on a large scale. He will  
attach the harness to the rear of the  
plow and have the seeder follow up.  
The exigencies of the season make it  
necessary that no time be lost in get-  
ting in the crop and Mr. Nensengen  
thinks he can save considerable time  
by this method.

### Trade Gazette for April

The Western Canada Trade Gazette  
in its current issue has further parti-  
culars of the alleged conflict among  
the wholesale fruit and produce mer-  
chants of that city—a subject in  
which the merchants in all surround-  
ing towns and cities are interested,  
since they would also be affected by  
any understanding on the part of  
the wholesalers regarding prices.

The retailers of Calgary have taken  
a hand in the matter, and after dis-  
cussing the question thoroughly they  
decided by resolution to give their  
support to the one known independ-  
ent company. It is also understood  
that the California Fruit Exchange is  
fighting the alleged combine. The  
latest developments in the situation  
given in the April 1st issue  
which as well as a number of  
articles of more than ordinary in-  
terest to Western Retailers.

## Miss Jean Logan Director of the "Doll Shop"

### "The Doll Shop" Coming

An attraction, which will prove of  
great interest to our citizens, and  
particularly to those who delight in local  
talent, will be seen at the I.O.O.F. Hall,  
April 9th and 10th, when Miss Jean  
Logan of Winnipeg will present the  
"Doll Shop," a beautiful musical  
pantomime requiring fine training and  
presence of one hundred young ladies  
and gentlemen and children of Claresholm.  
The production is replete with  
beautiful as well as grotesque com-  
ments. Miss Logan is already busy

rehearsing the young people day  
and night and all are interested for  
the cause is a good one. The production  
is under the auspices of the Church  
of England here and the proceeds  
will be devoted to some department  
of the interests of that church.

## WHY NOT A FLOUR MILL

We have noted with pleasure in the recent issues of the *Taber Times* what a real, live bread of trade can do in the matter of securing industries for a town. By their energetic action they have secured a machinery manufacturing concern to become established in their town and now they are after a flour mill. The arguments that were advanced seemed to fit our case here as well. We have the wheat, we need a wider market. A flour mill established here would go some way toward giving us a market for some of the wheat we wish to ship out. A mill located here would pay for the wheat and return certain of the waste products, a better price than if the wheat were sold in an outside market. Under ordinary conditions a barrel of flour could be manufactured for from \$1 to \$1.50 and could be sold for \$6.50 to \$7.50. Taking the custom grinding into consideration, we do not see why such an industry should not be profitable. We welcome any correspondence on this matter from those who are more conversant with the industry than we are.

## BE ON TIME.

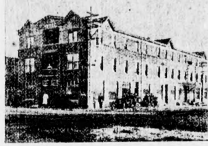

One thing that most impress most satisfactorily visitors to Clareholm is our local play-house, is the fact that if a show is billed for 8:30, the house is invariably deserted at that hour. Along about 8:45 the advance guard arrives and from that till 9 o'clock the townfolk are really beginning to arrive. The next 15 minutes see the strays wandering in as if there were at least an hour to spare before the curtain rises. There is no reason on earth why the audience should not be in the hall and seated by the hour announced for the performance. It is just a careless habit that is selfish in the extreme and should be corrected. Another matter that must be very discouraging to the management of the Opera House is that when they have exerted themselves to secure for this town attractions that seldom come to a town of this size, good, high-class attractions, the majority of the citizens are more marked than by a show of a mediocre quality are hooked. The patronage of the Opera House here is far below that which the size of the town would seem to lead one to expect.

## Curlers Annual Meeting

The annual general meeting of the Clareholm Curling Club will be held the first Wednesday in April. This falls on April 2nd. At this meeting the election of officers for the year takes place, financial and other reports are made, and general business transacted. It is possible that a discussion may take place regarding the advisability of arranging for lawn bowling for the summer, a game that will keep alive the curling enthusiasm through the hot months and until the ice comes again. There are some who have howled before the green, and the arrangement of lawn bowling draws similar to the curling draws of this winter would be almost, if not quite, as much enjoyed as the keen curling contests of the ice season. For this summer there are two possible houses that might be available and in the meantime steps could be taken to have a green in another year. Every member of the club is invited to attend the meeting. The club is a very friendly one and is open to all who are interested in the game.

## Poultry Hints

There is no better time than now to set geese eggs, that is, if your geese are laying. Set them under a hen, allowing her five eggs, which are about all she can conveniently cover.

As the nights are still very cold, it is advisable to give the hens but eleven or twelve at the time of setting them; this affords the hen a better chance to cover and warm the eggs properly, bringing forth better results.

Meat scraps, put up specially for hens, are in great demand now, and it is a very necessary and profitable business to keep a supply of them.

Some of the hens in the regular laying season are not doing well, and it is a very common mistake to set them.

There is no trouble in getting plenty of eggs in March, but the prices are not so tempting as they were a month or so ago.

Hens have to be almost choked to death to drink out of dirty mud holes where the water is warm and dirty.

March and April are the two best months to hatch chicks. It is early chicks that pay.

Warm wheat and oats for brook fast makes the hens shell out the eggs.

Infertile eggs taken from your incubator need not be thrown away; they may be hatched and used for your chicks when they are hatched.

It is the best time now to get some eggs for hatching, from good stock on the same breed you have from someone you can rely on, to get early hatched chickens for your stock.

POOR LUMBER gives a house a cheap shabby look which makes it difficult to rent. If it is to live in, you want to be proud to show it to your friends, and the fuel bills are large where low grade lumber is used. We make a specialty of high grade and 'classy' material that you will want to use. We have built up the largest retail business in Western Canada by being very fussy as to grades and selling better stuff than is sold elsewhere at prices as low as those asked for the inferior kinds. W. G. N. Johnston and wife were  
Calgary visitors Wednesday.

Dr. R. M. Riggs left on Monday  
night for a short visit to Spokane.

Nurse Macdonald, of Banff, visited her  
brother, Allan, here last week.

T. D. Lewis, of Calgary, who has a  
farm near this town, is here this week.

Gus Mulchow, who has removed to his  
farm near Shavely, was in town this week.

Francis Downs, of Flagstone, B. C.,  
was registered at the Queen's on  
Wednesday.

Brown Bros brought to town this  
week four dressed hogs weighing  
close to 1000 pounds.

It is understood that Allan Macdonald  
is returning to Calgary where he  
will make his home.

The members of the family of Steve  
Chutlos, who have been ill, are reported  
as improving nicely.

Herbert Wright and son have returned  
from Ontario where Mr.  
Wright has been for some time.

The choir of St. John's Church are  
making preparations for a special  
musical program for Easter Sunday.

Albert Anderson and N. S. Arevill,  
of Kailispell, Mont., are here this  
week looking after their land interests.

The committee appointed to prepare  
the prize list for the Fall Fair  
met last night and reported progress.

H. Cotter, who has been at his  
homestead north of Medicine Hat,  
has returned owing to the serious illness  
of his son.

Mr. and Mrs. Hodgins, who have been  
near Vermilion for some time,  
have returned to make their home at  
Clareholm as before.

Rev. Fr. A. Beausoleil, of High  
River, was in Clareholm this week  
and conducted services in the Catholic  
Church on Sunday.

F. Dellicano and A. Harvey, of Calgary,  
were in Clareholm this week  
interesting visitors in a new subdivision,  
in Edmonton.

The contract has been let for the  
drilling of the wells at the stockyards  
and we understand that W. W. McAllister  
will do the work.

The annual meeting of the Clareholm  
Park Association, Ltd., is announced  
for Monday, April 15, at 3 p.m.

J. F. Miller has removed from the  
flat above the Union Bank and has  
taken the house formerly occupied  
by Mr. Ardell, on Knob Hill.

Mrs. Allan Macdonald was taken to  
the hospital at Calgary this week  
for treatment. Her friends hope for  
her a speedy recovery of health.

The "Last Great West" demands  
the Best. There are no better places  
than "Great West" Sausage and Gang  
Flows. See them at the Massey-Harris  
Agency.

J. Orton Livingston, of Grimshy,  
Ont., is looking after the interests of  
the Canadian Sportsman, here to-day.  
He is also getting a write-up of the  
racing stock in town.

R. E. Moffatt went up to Edmonton  
on the morning train to-day. R. E.  
is interested in the syndicate that  
is putting on the market a new subdivision  
in the Capital City.

The Footlights Dramatic Society,  
which so pleased the Clareholm people  
with the presentation of "Caste",  
are preparing to put on a farce-comedy,  
"Jane" in the near future.

By recent action of the council, the  
clause of the by-law restricting the  
plowing of gardens to the livery  
barns, a citizen may secure any one  
to plow or cultivate his garden.

Talk about signs of spring! A  
glance through the open door of Mrs.  
Delbridge's millinery store will afford  
a better proof that spring is here than  
all the first robins, first crocuses, etc.

F. J. Robertson, of Calgary, former  
proprietor of the Grunion News, was  
in town yesterday in the interests of  
the McLaughlin Cattle Co., which  
firm he is representing in this district.

Mr. Farmer, do you want the best  
implements and machinery that  
money can buy at prices that are  
right? You can get them. See a  
square deal, at the Massey-Harris  
Agency.

The Harvest depends very largely  
upon Seed Time. The New No. 11  
Massey-Harris Drill was built special-  
ly for Alberta, and will do your work  
well under all conditions.

J. E. Stephens, who was formerly  
with Chas. Leeds, but who is now in  
Edmonton, has the Alberta fever and it  
is said he is returning with the in-  
tention of securing stock and going  
into the ranching business.

The straw stack, in which was  
found the body of the man supposed to  
have been murdered, is being  
overhauled in order to discover if any  
other clues may be found to bear on  
the mystery.

It is learned that S. Schmittka, who  
was formerly with P. R. watch inspec-  
tor, of Calgary, has secured a building  
near the Queen's Hotel and will open  
in a few days a watchmaking and  
jewelry store.

With the consent of the railway  
commissioners now obtained, the  
opening of Fourth Ave. will be im-  
mediately proceeded with. Ninth  
avenue will be opened up, also, in  
stead of Division St., which is north  
of the stock yards.

It is heard that plowing has al-  
ready commenced, both J. O. White  
north of town, and P. T. Gibbie, east  
of town, having begun this week. It  
is also said that P. J. Peterson has  
commenced working on his father's  
place west of town.

A. Dunbar, of Okotoks, and a former  
citizen of this town, spent the  
week-end with his sister, Mrs. J. F.  
Miller, here. It is understood that  
Mr. Dunbar is to be transferred to  
the High River branch of the Union  
Bank at an early date.

Most people die from a break-down  
of some part of the system, very few  
from a ripe old age. This is not the  
case with the New No. 11 Massey-  
Harris Drills, as those who use them  
say they are very strongly built, doing  
their work uniformly and well and  
standing very hard usage.

The hearing of the case in which  
Frank Wilson, who resides in the  
Hills west of town, is charged with  
stealing a steer, said to be the prop-  
erty of Mr. Mudman, was opened at  
the Barracks last Monday. A few  
witnesses were heard and the case  
was adjourned for a week.

The serious illness of Madame  
Crowder, which necessitated her re-  
moval to the hospital at Calgary  
yesterday is regretted by the many  
friends that this lady has made dur-  
ing her brief stay here. A complete  
nervous break-down will cause an en-  
forced rest for Mrs. Crowder.

Word has been received this week  
of the death of G. S. Lawrence, of  
Vancouver. No details have as yet  
been learned. Many in town and in  
the district met Mr. Lawrence when  
he was here last fall in the interests  
of his firm's B. C. holdings at Kere-  
mos, and those who thus knew the  
late Mr. Lawrence will hear of his  
death with great regret.

A meeting of all those who are in-  
terested in the organization of a foot-  
ball club in Clareholm is called for  
next Wednesday night at the office  
of J. R. Watt. It is time that steps  
should be taken for the organization  
of summer sports. Leaving the mat-  
ter till the summer is on means delay  
and disappointment as was instanced  
in football last year.

# WAR AND PEACE FACTORS

## GERMAN TACTICS

### Ministerial Crisis is Said to be Imminent, the Nation Being Divided on Question of Plans to Increase The Army and Navy

Berlin.—The conflict between the war and peace factions in the German government has become so acute that the foreign minister, Herr Von Kiderling-Waechter, is reported to have decided to retire.

His successor will be Count J. H. Von Bernstorff, at present ambassador to the United States, according to the general belief here. The Kaiser has the highest regard for the statesmanlike qualities of the present representative of the nation, at Washington. The retirement of Herr Kiderling-Waechter will not take place for some weeks. It was learned that he had agreed to resign after his majority returns from Court.

The imperial chancellor, Dr. Von Bethmann-Hollweg, is also tired of the strife. It is expected that the diplomatic circles will be told the Kaiser has wanted to retire, but that the foreign minister has refused to do so. The Kaiser has decided to take action until the Kaiser had decided to retire.

### TO RELIEVE GREAT WEST

John L. Willis Believes B. L. Line of Great Coast to the Pacific

Toronto.—The transportation situation in the Canadian West is desperate in the view of John L. Willis, a well-known business leader. He has just returned from a visit to the Pacific coast, and has seen the situation there. He believes that the line of the Great West is the only way to relieve the situation in the West. He has seen the situation there, and he believes that the line of the Great West is the only way to relieve the situation in the West.

"Now," continued Mr. Willis, "the immediate opening up of a railway to one of the other Hudson's Bay ports is the deepest concern to all the farmers of the area tributary to that railway, as it would mean at present means to include all of Alberta and all of Saskatchewan, and the small south eastern corner of Manitoba would naturally continue to go through the Hudson's Bay port."

"Construction on the railway has begun at Le Pas, but it should also become active at the other end of the semi-province which I saw in one Western paper, to move the 125 grain crops over the route at all possible."

"The boys wonder whether Port Churchill or Port Nelson is the strategic point at present. I believe that the latter will be developed first, for I believe that both will be developed. The engineering reports very largely favor Port Nelson."

### NAVY BOKE GOOD

Rainbow Earned \$13,000 Capturing Peaching Pirates

Ottawa.—The Pacific department of the Canadian navy has been the means of an admirably successful campaign. The Rainbow, a small schooner, has captured the Seattle ship Eddie peaching in Canadian waters. The Eddie was a small schooner, and was caught by the Rainbow. The Eddie was a small schooner, and was caught by the Rainbow.

Many Antioch Wrecks.—The department of marine and fisheries, in a chart showing the number of wrecks of the Antioch, a small schooner, has been the means of an admirably successful campaign. The Antioch was a small schooner, and was caught by the Rainbow.

Seal Fishery Outlook Unfavorable.—John N. Joffe, the outlook for the seal fishery in the Arctic is not very promising. The seal fishery is a small industry, and is not very profitable.

Government Railway Subsidies.—The government of the Dominion of Canada has announced that it will subsidize the construction of a line from a point 150 miles west of St. Albert, 115 miles, to the Yellow Head Pass.
